

### **SUPPLEMENTAL EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. Authorization for the examiner's amendment to the claims was given in a telephone interview with John Brancolini on June 10, 2009.

3. In the claims:

Claims 8, 24, 27, 34-35, 38-40, 43 and 46 drawn to non-elected inventions/species have been cancelled.

4. In the specification:

Page 14, between lines 20 and 21, the followings have been inserted:

-- Fig. 23 is a plan overview showing the position of the level crossing support members of Fig. 23a within the crossover; --

Page 15, line 24, "Fig. 29a and 29f" has been corrected to read -- Fig. 29e and 29f --.

Page 33, line 7, "Fig. 23A and B" has been corrected to read -- Fig. 23, 23A and 23B".

In the abstract page, last line, the expression "is also described" has been changed -- is also provided --. Note that such change is necessary because phrases that can be implied should be avoided.

The above changes to the specification are merely corrections to obvious errors.

5. In the drawings:

In Figures 19e and 19f, there are handwritten changes therein. **A replacement sheet of drawings is now required to provide a clean presentation of the drawings.**

Regarding Figure 30, there are two drawing labels of "Fig. 30"; therefore, the top label is needed to be removed. **A replacement sheet of drawings is required.**

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to MARK T. LE whose telephone number is (571)272-6682. The examiner can normally be reached on Mon-Fri, between 8:15-4:45 (Teleworking).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Samuel Morano can be reached on 571-272-6684. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Art Unit: 3617

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
